Our organization assists in planning the Annual WRAP (Wisconsin Representative of Activity Professionals) conference. We nominate professionals from our membership to be considered as the Wisconsin Activity Professional of the Year. Winners of this contest go on to be in the running for the National Activity Professional of the Year which is announced at the National Conference. Scholarships are awarded to the nominees for Activity Professional of the Year to attend the State conference. Several of our members host a variety of special “Hands on Workshops” that are fun and educational. There are continuing education credits for each session.
